

REP. GUY RESCHENTHALER

PA's 14th Congressional District

In Congressional District 14:

179,398
people are on Medicaid

127,810
rely on SNAP to help put
food on the table

In all of Pennsylvania:

2.98 Million
people are on Medicaid
2.01 Million
rely on SNAP to help put
food on the table

Under the Republicans' plan to cut Medicaid and SNAP...

In Congressional District 14:

32,139
will have their Medicaid
access stripped away

between
25,702 – 70,681
will be cut off from
SNAP benefits

In all of Pennsylvania:

538,000
will have their Medicaid
access stripped away

between
400,000 – 1.1M
will be cut off from
SNAP benefits

*estimates as of 6/17/2025 based on the House-passed reconciliation bill

**Slashing Medicaid funding
could force hospitals to
close.**

Almost two-thirds of
Pennsylvanians will benefit
from Medicaid at some point
in their lives.

Yellow dots show hospitals in each
district. Many of these hospitals,
especially in rural areas,
may close if Medicaid is deeply cut.

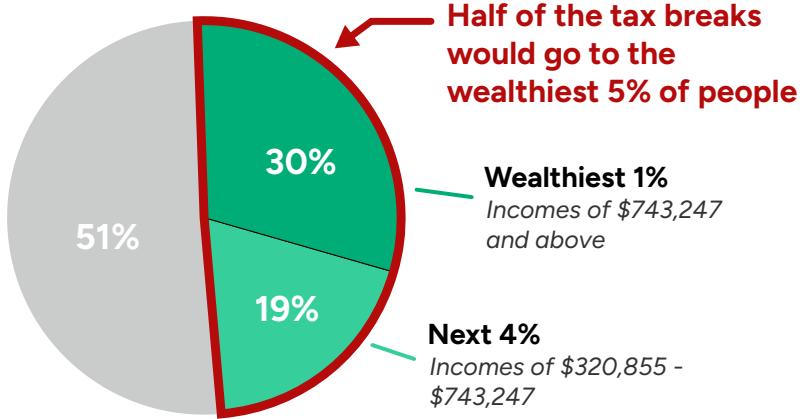

Percentage of Pennsylvanians in each congressional district
who receive Medicaid at any one time.

Legend: Dark Blue = Above 30%, Medium Blue = 20% - 25%, Light Blue = 10% - 15%, Yellow = Hospitals
Yellow = Hospitals
Medium Blue = 25% - 30%, Light Blue = 15% - 20%

The Republicans are proposing to cut Medicaid and SNAP to offset the cost of extending and expanding Trump's 2017 tax giveaway to corporations and the ultra-rich.

Half of the tax benefits would go to the richest 5%.

"The Cost and Distribution of Extending Expiring Provisions of the Tax Cuts and Jobs Act of 2017."

Voters in Pennsylvania want to raise taxes on the rich – not cut them.

Voters in Congressional District 14 overwhelmingly want the rich to pay more in taxes and larger tax credits for working families...

Likely Voters in Congressional District 14 Response	Topline
Profitable corporations are not paying enough in state taxes.....	75%
The wealthiest households are not paying enough in taxes.....	76%
Taxes should be increased for households earning more than \$400,000/year	76%
Child tax credits should be increased.....	72%

...and voters across Pennsylvania agree.

Likely Voters in Pennsylvania Response	Topline
Profitable corporations are not paying enough in state taxes.....	76%
The wealthiest households are not paying enough in taxes.....	76%
Taxes should be increased for households earning more than \$400,000/year	77%
Child tax credits should be increased.....	72%
