

PENNSYLVANIANS TOGETHER

A CAMPAIGN TO CREATE PROSPERITY, TOGETHER

The Challenge

Pennsylvanians work hard for their families and communities. We succeed when our work is supported by common efforts.

For decades we fought in community, advocacy, and labor organizations for policies supporting high wages, strong unions, public education at all levels, and civil rights. They enabled our hard work to create a vibrant economy and a strong middle class.

These achievements were imperfect. Women; Black, brown, indigenous, and LGBTQ+ people; immigrants; people with disabilities; and others were often excluded.

In recent years, those achievements—and efforts to extend them to those excluded—have been attacked by a right-wing, corporate-sponsored movement. They only win by dividing us based on what we look like and where we live.

Our Path Forward

We are determined to rise above our differences and work to achieve the goals we all share.

- 1. A fair economy for all with high wages and strong unions**
- 2. Education and training that allow everyone to provide for their families and contribute to their communities**
- 3. Affordable and quality housing, food, health care, child care, and senior care**
- 4. Public safety strategies based on research into practices that reduce crime, incarceration rates, and abuses by the police**
- 5. A fair tax system in which wealthy corporations and the ultra-rich pay what they owe**
- 6. Infrastructure and environmental safeguards, including well-maintained roads and bridges; expanded transit systems; clean air and water; and the elimination of climate change's threat to Pennsylvania and the planet**
- 7. Secure rights that eliminate barriers of race, gender, and sexual orientation to participation in our political and economic life and that protect our freedom, including the right to have an abortion and get the reproductive health care we need**
- 8. A robust democracy that has no obstacles to voting and takes the money out of politics**

PENNSYLVANIANS TOGETHER

PENNSYLVANIANS TOGETHER is a nonpartisan campaign of diverse Pennsylvanians. We come from every corner of the state. We are rich and poor, Black, brown, and white. We are native-born and we are immigrants, both documented and undocumented. In a series of community conversations, we found we all have the same goals.

Fair wages and strong unions

Fully and fairly funded Pre-K, K-12, higher education, and worker training

Affordable health care, housing, food, child care, and senior care

Good roads, bridges, and transit; clean air and water; and protection from climate change

Tax justice

Secured rights, including reproductive health rights

A vigorous democracy

PENNSYLVANIANS TOGETHER seeks to mobilize our fellow Pennsylvanians, in our communities and our government, to support this agenda. We work in partnership to amplify our voices above those of the rich and powerful to create public policies that ensure we can all thrive, not just survive.
